RI Council on Assistive Technology (RICAT) is the advisory body to the ATAP Program. RICAT members are predominately AT users who advocate for legislative and other changes in the system to increase the access to AT for individuals with disabilities. Contact ATAP Lead Agency.

ATAP Device Exchange Website

Recently, ATAP (Rhode Island's Assistive Technology Access Partnership) unveiled a new web-based clearinghouse for affordable assistive technology, daily living and accessibility devices throughout the New England region. This new site, www.GetATstuff.com, offers New England residents the opportunity to buy, sell or donate a variety of used items ranging from communication devices and wheelchairs to ramps and mobility devices. The site is the result of collaboration between Assistive Technology programs in the six New England states.

Types of items you may find on www.GetATstuff.com are:

- Vision and Hearing - magnifying machines and assistive listening devices
- Speech and Communication - electronic augmentative communication devices
- Learning, Cognitive and Developmental - electronic organizers and specialized calculators
- Mobility, seating and positioning - walkers, canes and wheelchairs
- Aids to Daily Living - switch adapted small appliances or multi-sensory alerting devices, bath equipment, reachers, dressing aids
- Environmental adaptations - lifts, lighting controls and ramps.
- Transportation and vehicle modifications - modified vehicles, hand controls or extended directional mirrors
- Computers and computer related - alternative keyboards and mice, software and hardware that make computers accessible
- Recreation, sports and leisure - for example, mono skis and tandem bikes, switch adapted toys and games, musical instruments and adapted hunting and fishing equipment.

To post an item or to look at items available, please visit the AT Exchange website at www.GetATstuff.com.
